Summary

My name is Huy. I graduated from Hanoi University of Industry. My major is Software Engineer. With my love for programming, I have been studying and working hard in this field.

Currently, I have more than two years of experience (React native) and want to dive deep into this field. I hope that a suitable job in the not-too-distance future will continue to fuel my passion

Education

2014-09 - 2018-06

HANOI UNIVERSITY OF INDUSTRY

- Graduated Software Engineering

Experience

2018-12 - present

React Native developer

HNC Company
